The Tax-efficient way to enjoy cycling

The government launched the Cycle to Work scheme to encourage more of the UK's workers to commute by bike. As part of the Green Transport Plan, bikes hired or purchased through this scheme are free from income tax, NI and, in most cases, VAT. The scheme allows you to offer great savings on the latest bikes and cycling equipment to employees whilst enjoying savings on your own NI contributions.

54%

Potential employee VAT, Income Tax and NI savings on bike packages hired over 12 or 18 months*
